- Dedicated caregivers specially trained in memory loss
- Licensed medical staff on duty 24 hours per day

Masonic Village at Burlington is the only place for memory care in the area to feature the renowned **Heartfelt CONNECTIONS—A Memory Care Program®**. This person-centered philosophy is grounded in the belief that the abilities that remain are far more important than those that are lost. Our team employs reminiscence tools to help our residents' family members and loved ones capture the details of residents' lives—their careers, hobbies, likes, and dislikes. We then apply the insights gained from each life story to create an individualized care plan that promotes physical and emotional well-being, prolongs daily functioning, and maintains a sense of purpose, satisfaction and quality of life.

### Benefits for Your Loved One

- Promotes dignity and a sense of pride and accomplishment in day-to-day activities
- Supports improved self-worth, self-esteem, and overall health and well-being
- Reduces fear, anxiety, and frustration

### Benefits for You

- Provides the comfort of knowing your loved one is enjoying the best quality of life possible
- Allows you to return to being a loving spouse, child, or grandchild
- Gives you the opportunity to make the most of your time together

## Our Mission

The Masonic Charity Foundation of New Jersey delivers personalized services and compassionate care, inspired by the spirit, ideals and values of Freemasonry, to promote the highest quality of life for Freemasons, families and others in the community.

Open to *Serve*. Open to *All*.

The Masonic Charity Foundation of New Jersey does not and will not discriminate on the basis of race, color, religion (creed), gender, gender expression, age, national origin (ancestry), limited English proficiency (LEP), disability, marital status, sexual orientation, military status, or any other protected status in any of its activities or operations.

Managed by Life Care Services®

Memory  
**CARE**

At Masonic Village we offer two different levels of Memory Care where our residents are surrounded by a highly skilled, compassionate team of professionals who create a safe, nurturing environment for each individual. Our dedicated staff members develop personal relationships with each resident, and residents benefit from the understanding, patience, and consistency in routine they find here.

Our Cedar Cove Memory Care neighborhood offers 20 private Assisted Living suites. Our Cindy Springs Memory Care Neighborhood offers 14 private suites for those who require a skilled level nursing care and have been diagnosed with Alzheimer's disease or other forms of Dementia.

## Memory-Support Programming

Programs and activities for memory support residents are designed to fit each resident's specific needs, as well as address how far their memory loss has progressed. Masonic Village at Burlington is a certified Music & Memory program, which uses music in memory support therapy. Our staff is specially trained to integrate music into the daily lives of our Memory Care residents.

## Highly Trained Memory Care Staff

With 24-hour on-site nursing and assistance with daily living, our Memory Care residents receive constant support. Every member of our Memory Care staff are trained as either Certified Nursing Assistants (CNAs) or as Certified Home Health Aides (CHHAs), and all of them receive extensive additional training in Alzheimer's and Dementia care so they fully understand memory support services, behaviors, and care protocol. Their specialty training is ongoing throughout their employment to ensure that the Memory Care provided is cutting edge.

## State-of-the-Art Memory Facilities

Our state-of-the-art interactive memory support neighborhood, Cindy Springs, brings comfort, care, and connection to late-stage dementia residents with its unique life-skill station design. Cindy Springs uses the latest visual-spatial and tactile design elements to provide a rich and stimulating environment for individuals in the late stages of the dementia process. Resident safety is our top priority, so our extensive memory facility is designed to bring the feel of "home" to each resident without the risks of being on their own.
